NEW RELIGION

Welcome to your life we have got you in our sights ✧ And thoughts of God are better left alone ✧ It's in your head black n' blue what they told you wasn't true ✧ Come along and fight with the unknown ✧ The Army's grown ✧ We'll pray to all the wrong decisions, Woah oh oh ✧ This time you'll show all that you can be, Woah oh oh ✧ Grab your weapons now, we'll run against the crowd ✧ And changing history ✧ Lets take the vow, we will show you how ✧ Your time has come for the New Religion ✧ Your voice is proud, be your savior now ✧ The battles won for the New Religion ✧ No one can defeat what the congregation speaks ✧ Bound together the flag that we defend ✧ They made a fool out of you but you knew just what to do ✧ Raise your fists up and stand until the end. ✧ AMEN! ✧ We'll pray to all the wrong decisions, Woah oh oh ✧ This time you'll show all that you can be, Woah oh oh ✧ Grab your weapons now, we'll run against the crowd ✧ And changing history ✧ Lets take the vow, we will show you how ✧ Your time has come for the New Religion ✧ Your voice is proud, be your savior now ✧ The battles won for the New Religion ✧ Come now and imagine with me ✧ Taking back a world that once was ours ✧ Let's regain the power and then we will end what we've begun ✧ Lets take the vow, we will show you how ✧ Your time has come for the New Religion ✧ Your voice is proud, be your savior now ✧ The battles won for the New Religion ✧ We are the unholy ✧ We are the bastard sons of your media culture ✧ Our minds eyes and bodies were born of your exclusion ✧ An illusion you hide behind ✧ You don't love a God, you love your comfort ✧ To you we are filth, we are dirty, so be it ✧ We are dirty and unclean, a congregation of the unseen ✧ Together we will set this world on fire ✧ This is the New Religion ✧ AMEN!

SET THE WORLD ON FIRE

Saints born together to fight against their holy fables ✧ The streets are where we pray ✧ Hymns for the lonely, wretched and forgotten ✧ The feeling in our hearts

won't ever fade away ✧ We stand tall (united) ✧ Watch them fall (divided) ✧ Break the chains and now we'll show them all (fight) ✧ Fight for all you know ✧ When your backs against the wall ✧ Stand against the liars ✧ Stronger than before ✧ When your life becomes a war ✧ Set The World On Fire ✧ Sing out united against the ones you left in hatred, our message of today ✧ Like children crying when all they knew was dying ✧ And we will raise our flags up its time for them to pay ✧ We stand tall (united) ✧ Watch them fall (divided) ✧ Break the chains and now we'll show them all (fight) ✧ Fight for all you know ✧ When your backs against the wall ✧ Stand against the liars ✧ Stronger than before ✧ When your life becomes a war ✧ Set The World On Fire ✧ Woah oh... So sing it loud you hold the key ✧ We're the rebels and we're free ✧ Woah oh... Its time to burn all that you see ✧ Now the world belongs to me ✧ Fight for all you know ✧ When your backs against the wall ✧ Stand against the liars ✧ Stronger than before ✧ When your life becomes a war ✧ Set The World On Fire ✧ Proud in all you are ✧ Showing every scar ✧ As your badge of honor ✧ When you can't take anymore ✧ Of what they're living for ✧ Set The World On Fire

FALLEN ANGELS

Scream, Shout ✧ Scream, Shout ✧ We are the Fallen Angels ✧ We are the in between ✧ Cast down as sons of war ✧ Struck to the earth like lightning ✧ On this world we're torn ✧ We won't cause the pain ✧ Of living out their law ✧ Take joy in who you are ✧ We know our wings are flawed ✧ Woah... We're bored to death in heaven ✧ And all alone in hell ✧ We only want to be ourselves ✧ We Scream, We Shout ✧ We are the Fallen Angels ✧ We Scream, We Shout ✧ Woah oh, Woah oh oh oh... ✧ To those who sing alone ✧ No need to feel the sorrow ✧ We Scream, We Shout, Woah oh... ✧ We are the Fallen Angels ✧ Follow the mourning star ✧ A light when darkness fell ✧ The passion left unholy ✧ Now you find yourself ✧ We have no where to go ✧ No one to wish us

well ♡ A cry to find our home ♡ Our stories they will tell ♡ Woah... ♡ We're bored to death in heaven ♡ And all alone in hell ♡ We only want to be ourselves ♡ We Scream, We Shout ♡ We are the Fallen Angels ♡ We Scream, We Shout ♡ Woah oh, Woah oh oh oh... ♡ To those who sing alone ♡ No need to feel the sorrow We Scream, We Shout, Woah oh... ♡ We are the Fallen Angels ♡ Scream, Shout ♡ We are the Fallen Angels Scream, Shout ♡ Woah oh, Woah oh oh oh... ♡ We Shout, Woah oh... ♡ We are the Fallen Angels

SAVIOUR

I never meant to be the one ♦ Who kept you from the dark ♦ But now I know my wounds are sewn ♦ Because of who you are ♦ I will take this burden on ♦ And become the holy one ♦ But remember I am human ♦ And I'm bound to sing this song ♦ So hear my voice, remind you not to bleed ♦ I am here ♦ Saviour ♦ Will be there When are feeling alone, oh ♦ A Saviour ♦ For all that you do ♦ So you live freely ♦ Without their harm ♦ So here I write my lullaby ♦ To all the lonely ones Remember as you learn to try ♦ To be the one you love So I can take this pen ♦ And teach you how to live ♦ What is left unsaid ♦ The greatest gift I give ♦ So hear my voice Remind you not to bleed ♦ I am here ♦ Saviour ♦ Will be there ♦ When are feeling alone, oh ♦ A Saviour For all that you do ♦ So you live freely ♦ Without their harm ♦ When I hear your cries ♦ Praying for light ♦ I will be there ♦ I will always be there

LEGACY

Racing faster, escape disaster ♦ Partners in crime will leave their mark ♦ We make our own way ♦ No thoughts of yesterday ♦ Black hearts of chrome and battle scars Woah oh oh... ♦ The Legacy ♦ Born from a dream ♦ On leather wings ♦ Rose from the streets ♦ With our hand on destiny ♦ We came from nothing ♦ But promised one thing ♦ We'll change the world with these guitars ♦ So listen closely and don't stop working ♦ No one can tell you who you are ♦ Woah oh oh... ♦ The Legacy ♦ Born from a dream ♦ On leather wings ♦ Rose from the streets With our hand on destiny ♦ Run, Never look back ♦ Run, Never look back ♦ Run, Run, Run, ♦ Never look back The Legacy ♦ Born from a dream ♦ On leather wings Rose from the streets ♦ With our hand on destiny

The writing's on the wall ♦ Your crimson touch is goin no where ♦ I'll hang on to every word you said ♦ And sink my teeth into this nightmare ♦ Woah oh oh oh... I'm screaming out ♦ Can you hear me ♦ I bleed for you Forever I will lie awake ♦ I would Die For You ♦ I see the truth ♦ I've given you my heart to break ♦ I would Die For You ♦ I feel your body crawl ♦ Pale flesh for my devotion ♦ True pain was all you ever meant ♦ Love would be our last emotion ♦ Woah oh oh oh... ♦ I'm screaming out ♦ Can you hear me ♦ I bleed for you Forever I will lie awake ♦ I would Die For You ♦ I see the truth ♦ I've given you my heart to break ♦ I would Die For You ♦ With every breath I feel you there Forbidden love is falling ♦ Your eyes sing despair ♦ I bleed for you ♦ Forever I will lie awake ♦ I see the truth I've given you my heart to break ♦ I would Die For You I bleed for you ♦ Forever I will lie awake ♦ I would Die For You ♦ I see the truth ♦ I've given you my heart to break ♦ I would Die For You

RITUAL

Praying for what your heart brings ♦ Thoughts of escape and bloodshot eyes ♦ You're barely sleeping, no longer dreaming ♦ Now what you do to feel alive ♦ Rise up and celebrate your life ♦ We're not alone in our Ritual ♦ Sing for what you feel inside ♦ Becoming one with our ♦ Ritual Singing songs of the old days ♦ Try to remember what's gone by ♦ Stronger in new ways ♦ Don't care what they say This is your life ♦ Its time to rejoice ♦ Rise up and celebrate your life ♦ We're not alone in our Ritual ♦ Sing for what you feel inside ♦ Becoming one with our ♦ Ritual Our destiny is what we learned ♦ Together wanting something more ♦ Their misery and demons burn ♦ A feeling that's worth fighting for ♦ Rise up and celebrate your life ♦ We're not alone in our Ritual ♦ Sing for what you feel inside ♦ Becoming one with our ♦ Ritual

These words are burning inside of me ♦ Spent years in liquid harmony ♦ This dream is who I wanna' be ♦ Youth and Whisky ♦ I grew from those who hate me ♦ Stead fast to a razorblade symphony ♦ Cigarettes n' lyrics made me Youth and Whisky ♦ Can you see ♦ Can you see me ♦ I'm strong from what they made me ♦ These Angel's who carry me ♦ They taught me ♦ Youth and Whisky ♦ Baptized in smoke and misery ♦ A loaded gun and a bastard's history My temple's for the crazy ♦ Youth and Whisky ♦ No sorrow left inside me ♦ Celebrate the moments behind me ♦ This shot is Holy Mary ♦ Youth and Whisky ♦ Can you see ♦ Can you see me ♦ I'm strong from what they made me ♦ These Angel's who carry me ♦ They taught me Youth and Whisky ♦ Hey Hey, brothers ♦ Hey Hey, fighters ♦ Bottles living for another round ♦ Hey Hey, lovers ♦ Hey Hey, liars ♦ Throttles speeding towards a black out ♦ Can you see ♦ Can you see me ♦ I'm strong from what they made me ♦ These Angel's who carry me ♦ They taught me ♦ Youth and Whisky

SMOKE AND MIRRORS

Quiet as I watch you falling ♦ You become the pray again I can see your skin is crawling ♦ Lipstick cases and sin Wake up, wake up, wake up ♦ Your drowning, same old song n' dance ♦ Wake up, wake up, wake up, My darling, never stood a chance ♦ Lost in love you are Out of touch so far ♦ An illusion, it's all just ♦ Smoke and Mirrors Always chasing scars ♦ Never get too far An illusion, it's all just ♦ Smoke and Mirrors ♦ Hear it in her voice she's stalling ♦ You were just another man ♦ Your claims of love are falling ♦ Now it's clear you can't win ♦ Wake up, wake up, wake up ♦ Hearts pounding, praying for romance Wake up, wake up, wake up, ♦ It's sounding, time to try again ♦ Lost in love you are ♦ Out of touch so far ♦ An illusion, it's all just ♦ Smoke and Mirrors ♦ Always

chasing scars Never get too far ♦ An illusion, it's all just Smoke and Mirrors ♦ I'd rather be alone ♦ Than put you on a throne ♦ And lose my faith in ♦ Smoke and Mirrors Black painted eyes ♦ Cover the lies ♦ Its time you threw away your cruel disguise ♦ Lost in love you are ♦ Out of touch so far ♦ An illusion, it's all just ♦ Smoke and Mirrors ♦ Always chasing scars ♦ Never get too far An illusion, it's all just ♦ Smoke and Mirrors ♦ I'd rather be alone ♦ Than put you on a throne ♦ And lose my faith in Smoke and Mirrors
